

HEPATIIC

INTERDISCIPLINARY INTENSIVE CARE

HEPATIIC, an interdisciplinary intensive care society, is a voluntary non-profit organization for all professionals who would like to deepen and promote knowledge and understanding of "Liver Intensive Care". HEPATIIC covers all aspects in the field of "Liver Intensive Care" not limited to Liver Pathologies, Liver Support, Dysfunction and Failure, Transplantation and Resection. Furthermore HEPATIIC promotes the exchange of science and experience between their members, groups, societies and associations in the field of liver disease.
